Things in which the Rebels' Claim to have the advantage over us—Chivalry, bravery, slavery, cavalry.

Perry county bears off the palm as the healthiest county in the State. There are but fifty-two exempt from military duty in the county.

We regret to learn that Sam. M. Turner, on account of ill health, has been compelled to resign the Adjutancy of the 7th Regiment. Sergeant Major Alex. McGregor has been promoted to the vacancy, and Max. Wood, appointed Sergeant Major.

AND SO FORTH.—There is a young man in the army who was born July 4, at 4 o'clock, P. M., at No. 44 in a street in Boston, in 1844, a 4th child, has 4 names, enlisted into the Newton company, which has joined the 4th battalion, 4th regiment, 4th company, and on the 4th of September was appointed 4th Corporal, and is now going forth to defend his country.

By a law of Congress, approved July 17, 1862, it is provided: That any Aliens of the age of twenty-one years and upward who have enlisted, or shall enlist, in the armies of the United States, either in the regular or volunteer forces, on receiving an honorable discharge may, after residing one year in the United States, and proving good character, be admitted as citizen without any previous declaration of intention.

The following are the casualties to Capt. John Smith's company of the 16th regiment, at the battle of Richmond, Kentucky:

Killed—Privates Silas Axell, Wm. Christie, Wm. Kearns, James Ladd, James M. Stokes.

Wounded—Capt. Smith; First Lieutenant Foster; Sergeant Jacob Jones; Privates C. H. Buckingham, Lorenzo Patton, Nathan Day, Joseph Hendricks, Wm. Love, Jeremiah Neal, Robert Ping, Harrison Uzzi Church.

General James E. Blythe, of the 1st Brigade of the Indiana Legion is in Indianapolis, endeavoring to procure arms for the home troops of his brigade. He has recently organized and begun to drill some twenty-seven companies in Evansville alone, and has ordered that the drilling shall be done, no matter what interference of business or interest may make it hard on the home guards. Evansville is in a most exposed position, and such a preparation is the most obvious act of wisdom.

In Fairfield, Connecticut, while the draft was going on, a company of soldiers was sent with ball cartridges to repel disorder, but the drunken men who had made the trouble, dispersed on hearing of the approach of the armed force. They had proposed to prevent the draft, in which two of them may be added, were afterward chosen. In Newtown the selectmen, who were to make the draft, were prevented by a mob.

The draft took place the same day. It was held only in a few towns, as most places had filled their quota. In some of the towns where the draft was held bounties were voted to the men who were drafted.

Col. Heffren, who arrived at Indianapolis, Friday last, reports the Louisville and Nashville road as entirely ruined. It will take months to put it in running order again, even after the rebels are driven off. Our force at Nashville, 20,000, under Gen. Wood, are completely cut off from supplies, and have been for some time on half rations.

The number of officers reported killed and wounded in our telegraphic report yesterday evening lead us to believe that the 14th Indiana regiment has been terribly cut up. Where so many officers were lost there must have been sad havoc made among the men. We shall await further particulars with considerable anxiety.

Thompson having received authority to muster you in as a company of the Indiana Legion, you are hereby ordered to meet to-morrow (Sunday) morning, at 8 o'clock, at the old Seminary, for the purpose of completing our organization.
